Muneer Mon

MERN Full Stack Developer | React Expert

📞 +91 8590573039 @email 🔗 portfolio in linkedin 📍 Kochi,India

SUMMARY

Dedicated and skilled React and MERN Full Stack developer .Proven expertise in developing, designing, implementing and maintaining web applications. Proficient with Next.js, JavaScript, Tailwind.css and Git. Seeking opportunities to contribute my skills, passion and knowledge.

## PROJECTS

Home Service Web App ↗ ⑂

Next.js, Tailwind.CSS, Descope-Auth and GraphQL

- The app offers a wide range of services, including cleaning, electrical, shifting, plumbing, painting, and mechanical works.
- Users can easily select desired services, book time slots, and cancel bookings.

My Portfolio Website ↗ ⑂

Next.js, Tailwind.CSS and Framer-Motion

- A responsive portfolio showcasing my projects, skills, and work experiences, designed to adapt beautifully across all devices.

Job Finder Web App ↗ ⑂

React, Node, Express, MongoDB

- The application that connects job seekers with recruiters. Users can create profiles, search for jobs, and apply directly.
- Recruiters can post job vacancies and manage applications.

Trawell-planned.com ↗ ⑂

Html, CSS and Bootstrap

- Travel booking Website

City Weather Web App ↗ ⑂

Html, CSS, Javascript and Open weather API

- Real time weather app using open weather API.
